HUNDRED LIVES LOST SIXTEEN ARE KILLED

Terrible Cyclone Prevails In and
Around Laredo.

HOTEL SWIFTY FELL. ALL BUT ONE EXPIRE

Thirty-Five Persons Were Reported
as Having Perished by Collapse
of This Structure and a
Great Number Hurt.

Austin, April 29.—Meagre details were received here Saturday that a terrific storm had passed over south-western Texas Friday night, and that Laredo, Tex., and New Laredo, Mex., had suffered much damage. One report stated that fifty houses had been demolished in the Texas city and a large number overturned on the Mexican side of the Rio Grande river. It was impossible to get direct communication Saturday, wires being prostrated.

Another report, coming by way of San Antonio, was that a terrible cyclone had swept the region around Laredo and that fourteen persons had been killed in and around that city. Telephone exchange at Laredo was demolished. It was also rumored that the railroad bridge across the Rio Grande had been blown down.

Additional particulars received here of the Laredo cyclone are that over 100 persons were killed and several hundred more or less injured. Thirty-five guests in one hotel were killed outright. Fifty railroad coaches, belonging to the International and Great Northern and Mexican National, were blown away. It is estimated that over 150 houses were blown down by the storm, including the two hotels of the town.

Governor Lanham telegraphed asking what aid was needed.

EDUCATORS IN WRECK.

New York Journalist While Breakfast-
ing Thrown Through Window.

Greenville, S. C., April 29.—A special train bearing the Robert C. Ogden educational party ran into a freight train Saturday just outside Greenville. The engine, baggage car, library car and two dining cars were badly damaged. Nearly all the party were asleep when the accident occurred. Passengers injured were in the dining car. The fireman on the special train was killed and Professor Henry W. B. Farnum of Yale university had his right arm broken and was severely cut and bruised. Mrs. Farnum was cut and bruised. Others hurt were: St. Clair McKelway of the Brooklyn Eagle, bruised about shoulders by being thrown through window dining car while breakfasting; R. M. Ogden, secretary to R. C. Ogden, cuts and bruises; and Mrs. J. C. Thorpe of Cambridge, Mass., cut about the face and shoulders and badly bruised. Several negro servants were cut and bruised. After the collision the wreck caught fire.

Later it was stated that a flagman and three negroes, latter dining car employees, were killed. But few of the party had arisen when the accident occurred. Had it happened during the breakfast hour many would doubtless have been killed. In jumping Engineer Hunter broke an arm and leg. Mrs. Thorpe, daughter of Longfellow, the poet, was bruised. The party decided to return to New York. Among passengers were Charles B. Aycock, former governor of North Carolina; Dr. A. S. Draper, New York state commissioner of education; Dwight Kellogg, Rev. Arthur B. Kinsolving, Seth Lowe, former mayor of New York; Robert Treat Payne and George Foster Peabody.

BUBONIC PLAGUE RAGING.

From Ten to Thirty Deaths Daily Occur In One Chilean City.

San Antonio, April 29.—Passengers from Chilean ports, according to an Express special from Mazatlan, bring the first full information concerning the terrible ravages of bubonic plague in the city of Pisagua, Chile. For some time before their departure the deaths in Pisagua had ranged from ten to thirty per day and the authorities were unable to enforce burials. Corpses were thrown into the streets to decompose and spread contagion. But little headway had been made in the fight on the disease and it looked as if the entire population of that Chilean port might be wiped out by the plague. Many persons had been shot down by the soldiers on guard while attempting to escape from the stricken city.

Practically Unchanged.

Las Vegas, N. M., May 1.—Flood conditions on the Santa Fe railway were practically unchanged Saturday. Approximately 1000 passengers bound east were detained.

Arkansas Boy Passes.

Annapolis, April 29.—D. J. Fridell of Arkansas passed the physical examination for admission to the naval academy.

Ten southern states have accepted invitations to participate in the Southern industrial parliament, to be held at Washington beginning May 22.

Eleanora Shaft Is the Scene of Ter-
rible Explosion.

ALL BUT ONE EXPIRE

Seventeen Men Were at the Time of
the Awful Disaster In the Mine
and the Survivor's Re-
covery Impossible.

Dubois, Pa., April 29.—Sixteen men were killed and one will die, as the result of an explosion at the Eleanora shaft, near Big Run, Friday. The mine is owned and operated by the Rochester and Pittsburg Coal company, and was opened only two years ago. Every man who was in the mine at the time of the explosion, except one, is reported killed.

INJUNCTION ISSUED.

Twelve Arrests Made For Alleged Vi-
olation of the Same.

Chicago, April 29.—For the first time since the strike of the American Railway union in 1894, the government of the United States has been made a party to the labor troubles in this city. The government was brought into the teamsters' strike Friday by the issuance of an injunction by Judge Kohlsaat of the United States circuit court.

The writ was asked in behalf of the Employers' Teaming association on the grounds that the organization is incorporated under the laws of West Virginia and is, therefore, under the protection of the Federal court. The order commands that all defendants refrain from any interference with the business of the Employers' Teaming association and commands the strikers to refrain from picketing, massing on the streets with intent to interfere with the wagons of the complainant and from interfering in any manner with men in its employ. As soon as issued, copies of the injunction were printed on large cards and two of these were attached to every wagon of the Employers' Teaming association which went upon the streets Friday. The injunction exerted a pacifying influence and there was less rioting in the streets than Thursday. A heavy thunder storm which continued during the latter part of the afternoon and through the evening also lent material assistance in keeping the streets clear.

Twelve arrests were made for interference with the injunction, all of them being at one time and place. At 1:30 o'clock in the afternoon, two wagons with coal approached the Union League club on Jackson Boulevard and when they attempted to drive into the narrow alley east of the club house to unload, the non-union teamsters were attacked by a crowd of strike sympathizers and a lively fight resulted. The police in charging the mob arrested twelve men.

One hundred and five copies of the injunction were given to United States Marshal James for service upon labor leaders and five of his assistants were sent out immediately to serve them. The greater part of the notices had been given by evening.

When the news of the injunction reached President Shea of the Teamsters' union he issued an order signed by the committee to teamsters' business agents, instructing the men to refrain from violence.

TULANE VICTOR.

University of Texas Was Defeated In
the Fifth Annual Debate.

New Orleans, April 29.—Tulane university won the unanimous decision over University of Texas in the fifth annual debate Friday night on the subject, "Resolved, that independent political action is more effective than efforts to reform within previously existing parties for securing good city government in the United States."

Texas had chosen the affirmative, while Tulane had the negative. Texas speakers were J. P. Simpson and Charles Mayes. Tulane was represented by A. G. Levy and Sol Weiss. The debate took place at Newcomb hall. The judges were Rev. Henry Wilder Foote, F. S. Shields and Victor Levy. Alex. Ficklen presided.

BOTH SIDES REST.

Defense Contends That Prosecution
Has Failed to Make Case.

New York, April 29.—After a day of interesting developments both the prosecution and the defense rested the case of Nan Patterson. The prosecution finished its case just before the adjournment of the court Friday and later Attorney O'Reilly of counsel for defendant, notified the prosecution that his side would submit no defense and would fight on the contention that the state had failed to make out any case. This plan had been under consideration for some days, but was only decided upon at a conference Friday between the counsel for the defense and Nan Patterson and her aged father. The decision means the speedy conclusion of the young woman's third trial.

A pistol fell out of a bed in the Cherokee nation. It was discharged and Sweetie Anderson, a little girl, killed.

HILL'S CASCARET QUININE

is a guaranteed cure for Colds and Grippe—no
bad or unpleasant effects.

EMMEL & MALONEY
E. J. JENKINS

Milwaukee, April 29.—The Wisconsin Trust and Security company, receiver of the Bigelow estate, took possession of the homestead at 675 Astor street. The former banker and his family have taken up their residence with a son, Gordon Bigelow. Mr. Bigelow stated that he is making a supplementary list of his liabilities and assets with the assistance of his attorney, Charles P. Spooner, as rapidly as possible. He did not anticipate any additional items large enough to make any material change in the total already made public.

It is reported G. E. Tarbell will leave the Equitable and start a life insurance company.

A move is on foot to have an inter-coastal canal between Corpus Christi and Brownsville.

Texas railroad commission has approved registration of \$100,000 El Paso union depot bonds.

In order to save his life from blood poison the right arm of Owen Murray of Pecos, Tex., was amputated.

E. A. Bonnell of Muskogee was elected president, at South McAlester, of the Indian Territory Dental association.

WHITE FROST SANITARY Refrigerator

Cylindrical—a beautiful white, with polished nickel trimmings made entirely of metal, absolutely dry provision chamber; no air or moisture can pass from ice box to provision chamber. Food and dainties never "taste of the ice box." Two revolving shelves that can be raised or lowered, giving any desired space. You turn them round bringing any article to you, without effort. You can remove shelves and turn the hose in the chamber, washing it out thoroughly.

Beautiful, clean, convenient, economical. It uses less ice than the square, awkward wooden box refrigerators. No corn-cobs or dirt to accumulate in. THE WHITE Frost Refrigerator is perfection.

CITY ORDINANCES.

AN ORDINANCE granting to W. P. Connelly, J. A. Myers, G. M. Brandon, J. R. Astin and J. W. Batts a franchise to build and operate an Electric Railroad in the City of Bryan:

Sec. 1. Be it ordained by the City Council of the City of Bryan that the said City of Bryan hereby grants to W. P. Connelly, J. A. Myers, G. M. Brandon, J. R. Astin and J. W. Batts, or their heirs and assigns a franchise and right to use all the streets of the City of Bryan save and excepting from this franchise Dallas street, for the purpose of building, maintaining and operating an electric railroad over and upon said streets, with full power and authority to lay down tracks to operate and run electric cars upon same for the transportation of passengers in and to any part of the City of Bryan and to and from the City of Bryan and the Agricultural and Mechanical College in Brazos County, and for the transportation and handling of freight to and from said City of Bryan and said College, and the said parties and their assigns are hereby granted full power to erect such stations and depots in the City of Bryan as may be necessary for the conducting of said electric railroad and the business thereof, and to cross and intersect all streets, including Dallas street, provided said depots and stations are not erected on public streets in the said City of Bryan, and provided that the said electric cars and tracks of said electric railroad shall be operated and run upon Main street beginning at Jackson street, thence running south on Main street to no less a distance than Anderson street.

Section 2. This franchise is granted upon the condition that the said parties or their assigns shall begin work within six months from the granting of same, and shall have erected and have in operation within a period of one year from date of commencement of said work the said line of electric railroad over and on said streets or a portion thereof, and extending from the City of Bryan to the Agricultural and Mechanical College in said Brazos County. If said electric railroad is not in operation within the said time from the City of Bryan to said College, then this franchise will become null and void, and of no further force and effect, and the right to use any and all streets upon which said electric railroad is not constructed within the said one year shall be and is hereby forfeited and of no further force and effect.

Section 3. Upon fulfillment of the above mentioned conditions this franchise shall exist and be in force for a period of fifty years from this date.

Section 4. The said W. P. Connelly, J. A. Myers, G. M. Brandon, J. R. Astin and J. W. Batts are hereby authorized and empowered to sell, transfer and convey this franchise and the rights accruing thereunder to any other person, per-

sons, company or corporation and to make proper conveyance thereof, provided that the terms of the sale and transfer of this franchise shall be first submitted to the City Council of the City of Bryan for approval.

Section 5. The tracks of the electric railroad over and upon the streets of the City of Bryan shall be laid according to the grade of said streets, and vitrified brick shall be used between the tracks and for a distance of two feet on each side of the rail of said track on Main street in said City of Bryan.

Adopted by the city council of the city of Bryan April 26, 1905.

R. H. Harrison, Mayor,
C. M. Spell, City Secretary.

AN ORDINANCE granting to J. W. Batts, W. P. Connelly, G. M. Brandon, J. A. Myers and J. R. Astin and their assigns a franchise to erect and operate an Electric Light Plant, etc.

Section 1. Be it ordained by the City Council of the City of Bryan that the said City of Bryan hereby grants to J. W. Batts, W. P. Connelly, G. M. Brandon, J. A. Myers and J. R. Astin of Bryan, Brazos County, Texas, and their assigns, a franchise to erect and operate on and over all the streets, avenues and alleys of the City of Bryan all necessary poles, wires and other means of transmitting electricity for electric light and power purposes, and for the purpose of transmitting and conveying gas for heating and other purposes.

Section 2. In consideration of the said franchise, the said City of Bryan reserves the right to regulate the prices to be charged by said parties or their assigns to their customers and to the public for electric lights, this to include the rates for residences, stores and public places, and said parties or their assigns are hereby required to submit to the City Council of the City of Bryan for approval a schedule of all charges so fixed by them or their assigns, said City agreeing to allow said parties or their assigns to fix all reasonable prices, such as are charged for like service in other cities approximately the size of the City of Bryan and under similar conditions.

Section 3. Should said parties or their assigns fail or refuse to submit said charges to the said City Council for its approval, same shall operate as a forfeiture of its franchise and the same shall become null and void.

Section 4. The said J. W. Batts, W. P. Connelly, G. M. Brandon, J. A. Myers and J. R. Astin are hereby authorized and empowered to sell and convey to any person, persons, company or corporation the franchise and privileges herein granted to them, and to make proper conveyances of the same, providing, however, that such terms of the sale or transfer of said franchise shall be first submitted to the City Council of the City of Bryan for approval.

Section 5. The within franchise is only granted in connection with the electric railroad franchise from Bryan to College Station, and in no wise is either franchise independent of the other, and work shall begin within six months from the date of this franchise, and shall be completed within twelve months from the date of the commencement of said work.

Adopted by the city council of the City of Bryan April 26, 1905.

R. H. Harrison, Mayor,
C. M. Spell, City Secretary.

SYMPTOMS THAT INVITE GERMS.

Little Ailments that Should be Looked After if One Wants to Keep Well.

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Extreme thinness is the most common indication of a weak stomach, but any of the following symptoms are also good evidence of stomach troubles.

Uneasiness at stomach
Acidity
Water-brash
Spitting up of food
Colic
Sensation of weight
or heaviness at
pit of stomach
Sore mouth
Constipation
Sediment in urine
Night sweats
Headache
Cold hands and feet
Pain under shoulder
blade
Palpitation of the heart

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mi-o-na, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will so strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Mi-o-na is so nearly infallible in curing indigestion and the many diseases resulting from a weakened stomach, that a guarantee to refund the money is given with every box, should it not give perfect satisfaction. Ask E. J. Jenkins to show you the Mi-o-na guarantee.

FOR \$1.00 YOU MAY GET \$1000.00.

We sell fire, tornado, life, accident and health insurance.

For \$1.00 a year we issue \$1000.00 accident, paying a weekly indemnity of \$7.50.

FATAL WRECK LAST NIGHT.

Engineer and Brakeman Killed and Fireman Injured on H. & T. C.

News of a fatal freight wreck on the H. & T. C. south of and near Hearne reached here last night. The train passed Bryan northbound, Conductor Snell in charge. The wreck occurred at Lost creek. The engine turned over on one side and was under water. Thirteen cars were derailed and three of them went into the ditch. Engineer Canterbury and Brakeman Gordon were killed and their bodies had not been found at last report. The fireman, whose name could not be learned, was badly injured. The road was blocked by the wreck and passenger trains had to be run from Hearne to Bryan over the I. & G. N. The cause of the wreck could not be ascertained, but it was probably due to a washout.

A telephone message was received from Austin last night stating that the Allen Academy boys carried off the honors in the events in which they contested at the state athletic meet, Louie Hamilton capturing the championship.

"All A Mistake," presented at the opera house last night by the Galvestonians, proved to be a fine comedy in the hands of a decidedly clever company and was immensely enjoyed. A more extended report will be given later.

KOREA PROSPEROUS.

Japanese Are Said to Have Inaugurated Most Decided Reforms.

London, April 29.—A Times Peking correspondent visiting Korea telegraphs from Seoul that the country is undergoing a wonderful transformation. "The reforms of the Japanese already effected," the correspondent says, "are unmingled blessings to the people, but are causing dismay to the emperor and court. The emperor is cruelly disillusioned, but still hopes for the ultimate success of the Russian power, which has fostered the worst influences of his barbaric region. The conduct of the Japanese has been exemplary. Never before have Koreans earned such wages. Civilian Japanese are pouring into the country, and it is estimated their number is 60,000. At-

MAP SHOWING POSITION OF ANAMBAS ISLANDS.

ready there is practically an uninterrupted chain of Japanese settlements from Fusan to Tiyual. Railway extension and other improvements have made remarkable progress. Most of the foreign advisers have left the country and have been succeeded by Japanese. The most difficult post of all is adviser to the foreign office, entrusted to an American, whose patience, tact and ability in reconciling conflicting interests have won praise from all nationalities. The Korean army will be reduced to a small palace guard. Korean police have been suspended and Japanese gendarmes are policing the Seoul district. Never has the capital known such immunity from crime.

SERIOUS IN SILESIA.

The Percentage of Deaths to Cases is of Alarming Character.

Berlin, April 30.—The intimate connection between influenza and spotted fever of cerebro-spinal meningitis, now epidemic in Germany, is surmised by some German investigators as the cause of disease. Scientists appear not to be fully satisfied that bacillus meningococcus is the sole cause of the disease, since the same bacillus is present in pneumonia. The so-called Pfeiffer bacillus, which causes influenza, has been discovered in a number of cases of meningitis. The epidemic has lately assumed a more serious form in Silesia. In the Beuthen district out of twenty-eight cases seventeen deaths are reported for the week which ended April 26, and in the Kattowitz district last week there were forty-seven new cases and twenty-seven deaths. Sporadic cases are now reported daily from nearly all parts of Germany.

CASH SUBSCRIBED.

Dallas Citizens Give Amount Required For Trinity River Fund.

Dallas, April 29.—At an enthusiastic mass meeting held Friday night by citizens of this city the balance of the \$66,000 required by the government for work would begin on improvement of the Trinity river was secured.

Mr. Keating gave the information that the United States government had passed an act which required Dallas to purchase sites for locks and dams to be constructed in the first section. He did not anticipate that this would mean much money, as only the sites were to be purchased, and he and Mr. Slaughter agreed to stand for whatever expense this might mean over the protest of others who wanted to share the burden.

Crosby Acquitted.

Tyler, Tex., April 29.—In the Federal court the grand jury, after a few minutes' deliberation, returned a verdict of not guilty in the case of the United States vs. Hiram Jones, who was under indictment for the alleged holding of several negroes in involuntary servitude.

We have hog and cattle ranches for sale in Brazos and Burleson counties and large cattle ranches in Western Texas and Mexico.
Loans negotiated.
We have property listed with us for sale and exchange in most every part of Texas, both city and country property.
We buy real estate as well as sell it.

INSURANCE.

We are prepared to insure any kind of insurable property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, etc., etc.
We can insure your life in the best companies on earth for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while fire insurance is a good thing life insurance is more important as out of 1200 fire risks one burns, where every man who insures his life dies.

SOCIAL and Club Matters

One of the most notable entertainments of the week was the afternoon with Mrs. Robert S. Webb and Mrs. W. S. Howell on Thursday at the elegant home of the former in the southern part of the city, when they delighted ladies of Bryan and College with a most enjoyable musicale. The handsome rooms were sweet with April flowers and ferns in dainty baskets lending their charm in every nook and corner. Beautiful La France and American Beauty roses were also placed in baskets upon cabinets, tables and mantels. The dining room was exquisitely decorated in Marchal Neil roses. In this room delicious punch was dipped from a scintillating cut glass bowl and served by Miss Nellie Batte. Upon arrival soft strains of Mexican music greeted the ear, and during the afternoon filled the intervals in the regular program. Mesdames Webb and Howell are unexcelled as entertainers, and on this occasion happily provided a treat for their friends which combined all the pleasures of the most charming social function with the superior delights of the realm of music and letters. The program given below reveals the high class character of the selections from the masters, while the names of those contributing to its rendition evidence the art and excellence with which the numbers were given. A tempting repast was served, consisting of a salad course with Togo ice. The house party on this occasion included Mesdames R. S. Webb, W. S. Howell, J. W. Howell, Walter Hamilton Bush of Greenville, M. W. Sims, G. M. Brandon, Tyler Haswell, J. A. McQueen, W. H. Oliver, W. C. Fountain, T. R. Batte, J. Webb Howell, H. L. Fountain, E. J. Fountain, G. B. Butler and Misses Howell and Batte. Quite an interesting feature of the afternoon was a musical contest, familiar selections being played on the piano by Mrs. W. S. Wilson, while the ladies had a jolly time guessing the titles, for which blanks were provided in the neatly printed programs.

PROGRAM.

Mrs. M. W. Sims, Musical Director

(b) "My Dream"..... Tosti

Monologue..... Mrs. Johnston

Piano—Prelude C minor..... Rachmaninoff

Nocturne Celebre—Opus 9, No. 2..... Chopin

Mrs. W. S. Wilson.

Mrs. Frank Clarke, whose pretty home is noted for its many hospitalities and the genuine uniqueness of its entertainments, arranged a delightful party on Tuesday afternoon in honor of Mrs. H. H. Harrington of College, Mrs. John B. Hines of Wesson, Miss, and Mrs. T. K. Lawrence of this city. As each guest arrived the door was opened by little Miss Caro Packard and Master Frank Clarke; and Misses Nellie Smith, Jessie Garth and Hettie Smith received the guests in the hall, this apartment being very handsome in large American beauty roses. The parlor was in pink La France roses, these beauties adorning the mantel and cabinets. The hostess, together with Mesdames Harrington, Hines and Lawrence, welcomed the ladies in this room, while in the dining room Mrs. A. M. Waldrop, Mrs. G. M. Brandon and Mrs. Kate Martin gave greeting. The punch was served in this room also, by Mrs. W. H. Oliver, Mrs. H. M. Lanham of College and Mrs. E. J. Fountain. The table was a scene of loveliness, white roses, Easter lilies and tulips being used in the decorations, while a large white satin bow of ribbon was gracefully tied about the cut glass bowl. Muscadine daisies and the entire afternoon. The hostess, with her usual modest graciousness, made the occasion very charming, receiving her guests with evident appreciation. With mutual enjoyment the ensemble of beautifully gowned ladies entered into the merriment of forty-two with a zest. Thirteen tables dotted the parlor and the ladies seated the mirth began. The beautiful score cards were hand painted Easter lilies. These were distributed by Mesdames S. J. Bain and J. A. McQueen. At the conclusion of each game gold stars were given to the victorious ones. In behalf of the hostess Mrs. M. W. Sims presented to the guests of honor beauty stick pins of handsome design as a token of friendship and love. The ladies were served with a dainty repast of strawberry cream and angel food. While the ladies were taking leave and thanking the hostess, they were also talking of the beautiful Easter dresses and hats seen at the lovely affair.

You are cordially invited to attend
A Barbecue Dinner
Given at Club House Fin-Feather Club

Friday Afternoon, April 28, 1905

4 to 11 p. m.

Mr. and Mrs. G. S. Parker
to Mrs. C. R. Mayfield

Dinner 6 p. m. Dancing.

The Fin-Feather Club has been a source of infinite pleasure to its members for many months, the valuable preserve having been fully equipped as a pleasure resort by the building of a club house, boat house and a fleet of steel boats; and many afternoons and evenings have been whiled away with rod and line or with social gatherings. But not until the members of the club received and responded to the invitation given above did they realize to what extent bountiful hospitality may find opportunity for entertaining at this favored spot. The appointed hour found the guests present to participate in the pleasures of boating and fishing in the well stocked lake, and swiftly the moments flew until dinner was announced at 6 o'clock. The long tables were spread under the trees in front of the club house with covers laid for eighty-four persons. Barbequed beef, pork and mutton, broiled and fried fish, pickles, olives and hot coffee made an appetizing feast that needed no relish save its own savory qualities, and certainly a spread was never more enjoyed. Dinner was well over before the rain, and some had returned to their homes, while the major portion of the company repaired to the club house, where, fully protected from the rain storm, a delightful evening was spent with dancing and games. Music was supplied by a Mexican string band, and the old fashioned square dance was much in favor. Strawberry ice cream and cake were the mid evening refreshments. At 11 o'clock good nights were said, and the guests with one accord declare they never had a more pleasant time in their lives.

Friday afternoon Mrs. M. W. Sims' home was the center of attraction for the Bachelorette's weekly meeting. Miss May Wilson being the dainty hostess. The members responded to the invitations and a delightful afternoon was the result. The reception room was transformed by a profusion of roses—pink, white, and red—which were massed in very graceful bunches. Three tables were placed whereon forty-two, the principal amusement of the afternoon, was played. The score cards were hand painted and caused some additional merriment, being little mules ridden by girls. The prize for high score was awarded to Miss Alma Robinson—a handsome pearl-handled fan. Miss Bessie Buchanan captured the booby—a little mule. The guests had such a delightful time and were looked after so very cordially by Mrs. Sims and Miss May that the time came to go entirely too soon. Orange ice, garnished with strawberries, and cake were served.

Miss Lilla Graham McInnis welcomed the Bachelor Girls club at the lovely home of her parents, Mr. and Mrs. L. L. McInnis. Wednesday afternoon in a bower of roses, which shed their sweet fragrance, reminding one that spring is here in all her luxuriance and beauty. Tables dotted the rooms and everything was in readiness for forty-two when the guests arrived and were welcomed by the hostess and her mother, Mrs. McInnis. There was the most cordial, friendly and informal spirit prevailing and the occasion was one of good cheer. Attached to each score card was a pink La France rose. Sherbert and cake was served at an appropriate hour. The club meets next Wednesday afternoon at four o'clock, instead of three as usual, with Miss Lavinia McConico.

The following invitation has been received:

Mrs. George Samuel Parker
At Home
Wednesday, May the Third
three o'clock
Nineteen hundred and five
Forty-two. Respond.
Complimentary to Mesdames C. R. Mayfield of Waco, S. J. Bain and P. S. Tilson of Houston, F. D. Perkins of Bryan.

The annual hop of the Houston Rifles was given in the mess hall at College Friday evening and was a perfect social success in the face of what seemed to be almost prohibitive weather conditions. Excellent music was supplied by an orchestra from Houston and about fifty couples were present. The grand march was led by Major Church and Miss Hettie Smith.

The home of Mr. and Mrs. J. N. Cole was hospitably thrown open on Friday afternoon to the Methodist ladies, where they served delicious strawberry cream and cake. The hall and parlors were all beautiful with spring blossoms. The hours were from three to seven. At the close of the afternoon quite a sum of money was found in the collection plate.

Members of the Elks Club gave a delightful informal hop at their club rooms Tuesday evening. About twenty couples were present, including some young lady visitors. Mr. and Mrs. T. K. Lawrence, Mrs. John B. Hines of Wesson, Miss, and Mrs. Thos. Newland of Corsicana chaperoned the party.

Dr. and Mrs. David Franklin Houston tendered a reception at their home at College last evening to the Houston Rifles and members of the Senior Class. Many of the young ladies of Bryan were present.

The K. K. club of College will give a hop on the evening of May 13.

ATTACK OF TEAMSTER

Negro Non-Unionist Slashes Seriously an Irishman.

ESCAPES FROM A MOB

It is Stated That Express Companies in Texas Are Shipping to Chicago From Waco and Other Points Strike Breakers.

Chicago, April 29.—Disturbances Saturday in the teamsters' strike began promptly. Trouble started near the Eighteenth street barns of the Employers' Teaming company. Inor Mulcahy, a plumber, was attacked by a non-union negro teamster and cut with a razor about the face and neck. Mulcahy was taken to the People's hospital. His assailant escaped. Mulcahy was walking by the barns on his way to his place of business when persons in the crowd about the barns, it is declared, began to jeer the non-union negro teamsters. The non-unionists resentfully rushed into the crowd. Before the police could interfere Mulcahy, who chanced to be nearest the negroes, had been fearfully slashed. His assailant was followed by a crowd throwing sticks, stones and other missiles, many of which struck the fugitive. The negro finally managed to run through a livery stable and escaped. Following the outbreak 100 negroes employed as non-union teamsters left the stables to begin service for the J. V. Farwell company. Two police patrol wagons and 100 policemen guarded the negroes.

NUMBER LEAVE WACO.

It is Said Express Companies in Texas Are Sending Men.

Waco, April 29.—A number of men left here Saturday for Chicago to take places of drivers of express wagons made vacant by the teamsters' strike in that city. Several other Texas cities have sent men to Chicago. Arrangements are being made by express companies in Texas to send other men to Chicago for the same purpose.

WILL ERECT REFINERY.

Several Capitalists of Kansas City Have Made Arrangements.

Lawton, April 29.—Mayor Neff of Kansas City, accompanied by several capitalists, visited the lands of the Crescent Asphalt company, thirty-five miles east of this city, and completed arrangements for erecting a refinery. The largest asphalt beds in the United States are in that vicinity. The sands are exceedingly rich and the beds close to the surface. The company has possession of 200 acres. Representatives of the Barber Asphalt company and the Parker Washington company were with the party; also Dr. Nishkian, a chemist of national reputation.

LESS FERTILIZERS.

This Is an Evident Indication of Cotton Acreage Reduction.

Atlanta, April 29.—There is no longer any doubt about the farmers of the south having reduced their cotton acreage. The fact that the amount of fertilizer used this year is smaller than in many years before is an assured fact, and all that remains for the southern farmer to do now to make his victory complete is to hold on to the cotton he now has on hand.

Reports received from the various states by the headquarters of the Southern Cotton association show beyond any doubt that the reduction of acreage is already an assured fact.

To Beautify Your Complexion in 10 Days

use the unequalled beautifier

Satinola

A few applications will remove tan or sallowness and restore the beauty of youth. SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove freckles, Pimples, Liver Spots, Blackheads, Tan, Discolorations and Disfiguring Eruptions. Ordinary cases in 10 days, the worst in twenty days. After these defects are removed the skin will be soft, clear, healthy and beautiful. Price 50 cents at drug stores or by mail. Thousands of ladies testify to the merits of Satinola.

Miss Alace Lirette writes:—Thibodeaux, La., Oct. 15, '04. "For four years my face was completely covered with freckles and pimples. All remedies failed, until I used two packages of Satinola, which completely removed my freckles and pimples. My complexion is now perfect, and hope every lady having freckles or pimples will try Satinola."

DOMESTIC FINISH

Is the very best thing in the way of laundering. It's neat, it's modest, it's dresy, it's all the go, and is less injurious to clothes than gloss finish which has to be put on by friction, much to the detriment of the garment. Had it ever occurred to you that you never get a gloss pair of cuffs, collar or shirt new from store?

There certainly must be some reason why the factories do not put gloss on their goods. Don't you think so? Of course if you want to SHINE have your collars, cuffs and shirts done up at a gloss laundry or a Celestial den, but if you want to be up to now, have them laundered at
